

THE

Advanced Study Program

The Honorable Stansfield Turner
Director
Central Intelligence Agency
Washington, D.C. 20505

The Brookings Institution is renewing its commitment to public policy education as a separate but vital function complementing its research activity. I am writing to ask your organization's renewed support in our 1979-80 educational calendar. Next year's educational program will include the continuation of our traditional Conferences for Business Executives on Federal Government Operations. The aim of each conference, as you may recall, is to contribute to enlightened leadership in the private sector by enlarging personal perceptions of policy issues, processes and the web-like environment in which policy is made.

We again would appreciate your cooperation in assuring that the best talents of your agency are fairly and effectively represented in the conferences scheduled for the coming year. Specifically, I would like to request arrangements to continue the off-the-record luncheon sessions with your representatives on the following fourteen dates (each a Friday): September 28, October 26, November 9, and December 7, 1979; and January 18, February 1, February 29, March 14, March 28, April 18, May 2, May 23, June 13 and June 27, 1980. Enclosed is a Program Plan for the series.

All of us involved in these conferences wish to commend
[redacted] of your training staff for
their tremendously helpful and effective arrangements in the
current year. We would be happy to continue working with them
on the specifics of future sessions, if agreeable with you. If
there are any questions about the program, I can be reached on
797-6281. Thank you for your consideration. My colleagues and
I look forward to your reply.

Sincerely,

Peter Malof
Senior Staff and Coordinator
of Business Programs
